Jean,
Will you add the following handouts to the health professional page on the website. Put all of the breakfast handouts under the dietary guidelines/ food groups tab and the Safeguarding the health of Americans Children on the Child Nutrition section, the ADA fact sheet under the Dietary guidelines/ food groups section, and the NRF also under the Dietary guidelines section. As I mentioned, DMI would like to see us "showcase" the Safeguarding the health of children somewhere on our main homepage??? Let me know if you have questions!

Thanks!
B
